

Making a Pattern

1 Making a pattern with cubes.

This is a design. Use cubes to make this design.

This is a pattern made by using the design placed over and over.

(a) Make a pattern with cubes.

The pattern is blue, red, blue, red, blue, red.

(b) Color the pattern above.

2 Making a pattern with shapes.

Here is a design using shapes.

This is a pattern using the design ...

(a) Color the pattern and make the pattern with your shapes.

Look carefully at the pattern. What color should the last three shapes be to make the pattern longer?

(b) Color the last three shapes.

3 Use four shapes to make a design. Show it to your teacher.

(a) Make a pattern using the shapes in the design. (b) Draw your pattern below.
